Product Images

Product Description

Protect your car and its passengers against the glaring sunlight through the side windows. Especially recommended for the usage of baby car seats in order to prevent a quick heating-up of the interior of your car. This sun protection always retains its smooth and wrinkle-free form and therefore does not affect the view. The attachment is easy and secure thanks to its 2 high-quality suction cups. Fits all cars - including estate cars, mini vans and SUVs. You will find two "Cloud Me 2" in one package.
